Description: The M/V Eva Danielson, a multi purpose bulk carrier, was chartered by CME for Prysmian to deliver submarine power cable from Prysmian's Arco Felice factory in Pozzuoli, Italy to San Francisco, California. CME coordinated the entire shipment from retrofitting the ship's hold to receive and safely carry submarine power cable, the passage through the Panama Canal, to offloading the critical cargo in San Francisco.

Location: San Francisco, CA

Customer: Prysmian

Comments: This is one of many projects where a solid foundation in construction coupled with expertise in shipping critical components by sea, land or rail can make the difference in the outcome of a project.
