Fax: 908.820.9505

Email: Charles.Cates@cmeqco.com

Description: CME welders fabricating pile guide templates.

Location: CME Terminal Elizabeth, NJ

Customer: Trevcon Construction

Comments: From simple templates to engineered steel structures Construction and Marine Equipment can fabricate it all. Our South Yard has two acres of clear, well drained property adjacent to the Arthur Kill Waterway in which to fit up and weld. We can receive materials by truck, barge or rail and we have several cranes and forklifts to assist in moving and placing the materials for layout and fabrication. When the components are completed we can easily lift and place them directly on to a barge or vessel for delivery to the job site.
